DOC GESSLER WILL BE LAST OF OLD GUARD TO BE LET OUT

Little Likelihood of Former Slugger Being Retained by Griffith—Moeller, Long, Mattis and Walker to Be Tried Out.

BY J. ED GRILLO.

In keeping with his policy not to carry players on his team who have long since passed their most useful days, Manager Griffith will most likely dispose of Doc Gessler before the team goes into spring training quarters. His decision to play Schaefer in right field and take a chance on either Flynn or Spencer making good at first virtually means the dropping of Gessler, for Griffith has about made up his mind that if he carries an extra outfielder it will be a youngster who will gradually develop.

Griffith realizes that Gessler may still have several years of good baseball in him and that he must be considered a good man with the stick; but he wants more speed than Gessler can furnish, and for this reason as much as any other he does not propose to retain him. It is not figured that there is any doubt about Moeller making good in the outfield. Even if he should not prove the sensation that is predicted by Eastern League ball men he will still have six outfielders to choose from. Other than Gessler, only one Milan has played beside him last year. There is no doubt about Schaefer, either, if he can continue to be as prominent a batter in the next campaign as he was in the last. Griffith believes that these three men will improve his outfield and give the team a better chance than if Gessler were retained.

Whoever Gessler would be given an opportunity in fast company if let out here is questionable, but the chances are that he will follow Conroy and Elberfeld into the minors.

Even with Gessler off the list Griffith must figure on Schaefer, Long, Walker, Mattis, Moeller and Milan are the others.

Charley Doer's tenure as a member of the Phillies looks to be over. It does not seem that this last year can be pitched up a true between President Fogel and the former manager of the club, who seems to have been unwilling to let Doer go, and to have had some scrupulous in private.

JOHNSON SAYS HE'S DONE WITH FIGHTING

PARIS, December 7.—In a published interview Jack Johnson, the colored heavyweight pugilist, reiterated his resolution to retire from the ring.

"You can announce my definite retirement," says the fighter. "I never again will enter the ring, even if I find myself working for \$10 a week for my bread."

RACE SEASON ENDS

Queensberry Tells of the Horse Game in England and France.

NOT A LOSING SPORT

Lord Derby, J. B. Joel, Mr. Blanc and Vanderbilt Have Pulled Down Fortunes.

By the Marquis of Queensberry.

(Copyright, 1911, by the Marquis of Queensberry.)

The flat racing season has now finished, both in England and France, and the list of leading winning horses of both countries has been made up. As it is so often said that racing is a losing game, it cannot fail to be interesting to publish some of these figures, which in many cases prove the owning of good race horses is far from a losing game. For England, Lord Derby heads the list with £210,000. J. B. Joel being second with £170,000. For France, W. K. Vanderbilt heads the list with £135,000 and Mr. Blanc comes second with £130,000.

It is an astounding fact that Mr. Blanc in the last eight years has won over \$1,000,000 in prizes, while Mr. Vanderbilt in seven years has won \$1,000,000. Some of the latter's winnings have been phenomenal. For instance, in 1908 he won \$250,000; in 1909, \$250,000; in 1910, \$250,000; in 1911, \$250,000; in 1912, \$250,000; in 1913, \$250,000; in 1914, \$250,000; in 1915, \$250,000; in 1916, \$250,000;
